Creative Closing Gifts that will Truly "Move" Your Client!

Mixed Media: photo, canvas
& hand-embellished acrylics
w/your personal message

"Some days, I step out on the old back deck and catch the creak of the floorboard, the one missing at least 2 or 3 nails. Once again the intrusion paralyzes me, as it echoes the same sound the swing set made when, all too often, I tested its ability to keep me safe. I have grand babies now, but with just the right gust catching my hair...I'm 7 years old again. My long hair in its own ebb and flow; roaring in the Summer breeze like a lion's mane. Daddy's hand intermittently on the small of my back, pushing me higher & higher until I could almost touch the clouds with my Keds. How could I leave this house...these memories? It's all I've ever known."
